Partial & Full Series Vaccination Trend

● Partial Series ● Full Series

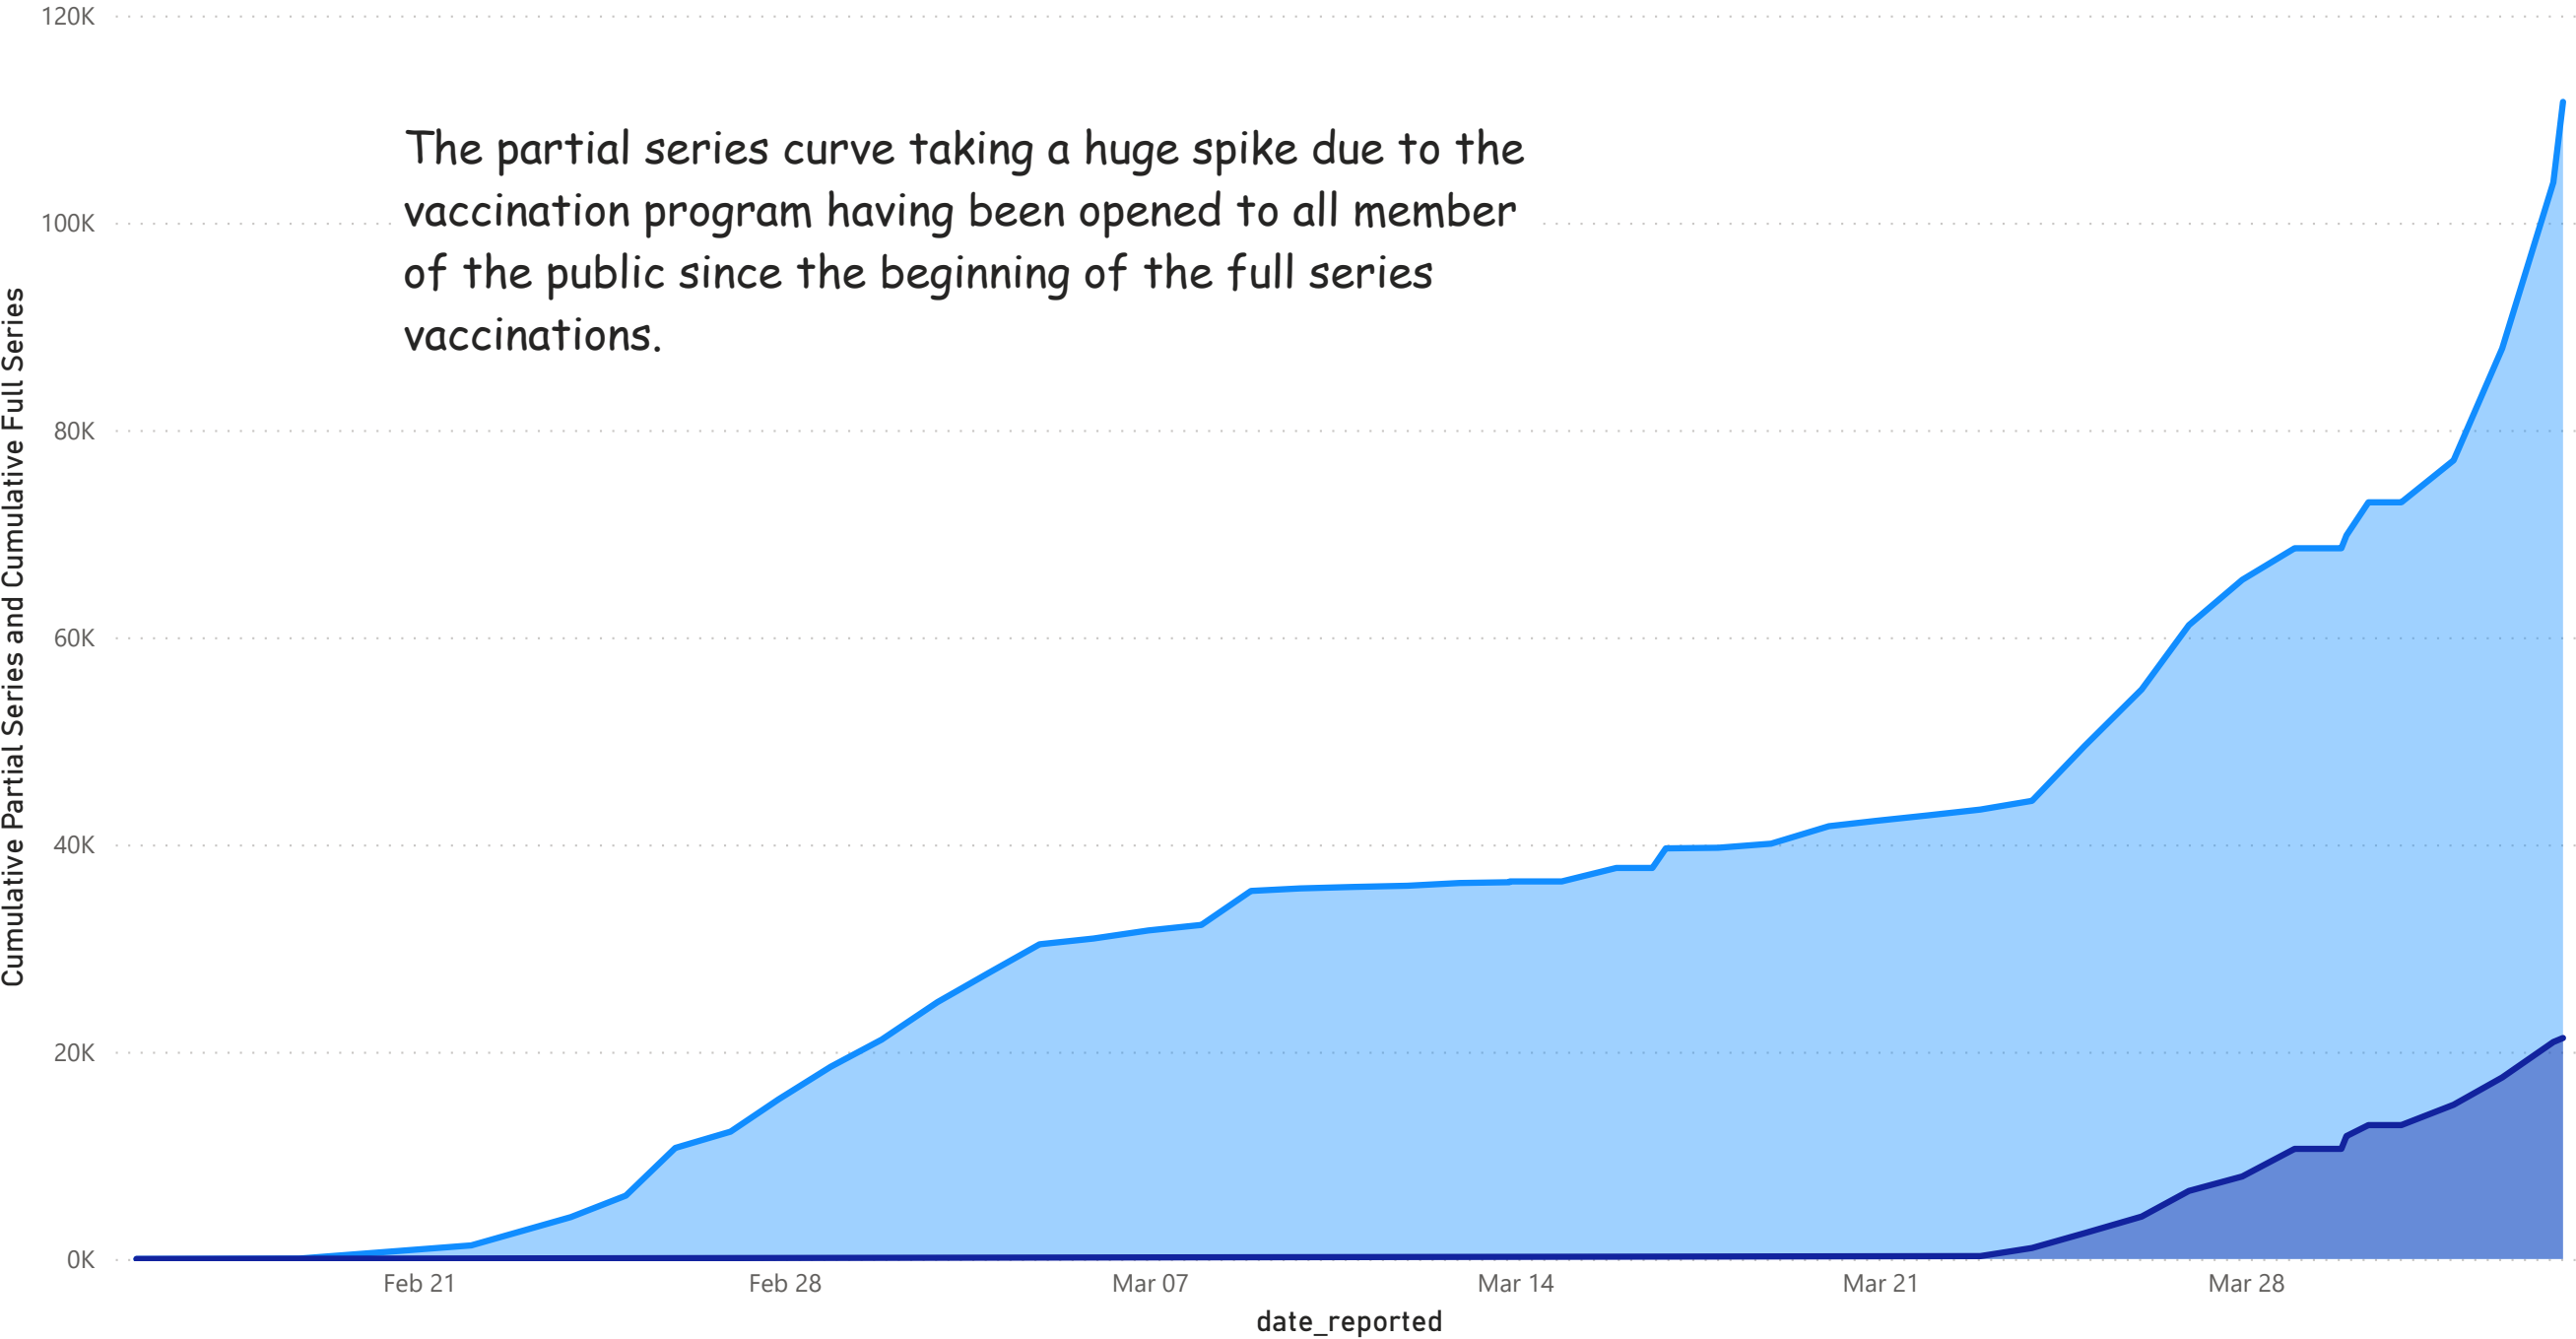

The daily number of people getting vaccinated for the first time has been on the increase since the beginning of the full series vaccinations which also marked the opening of the program to members of the public in the country.

The full series trend follows the initial trend of the partial series.

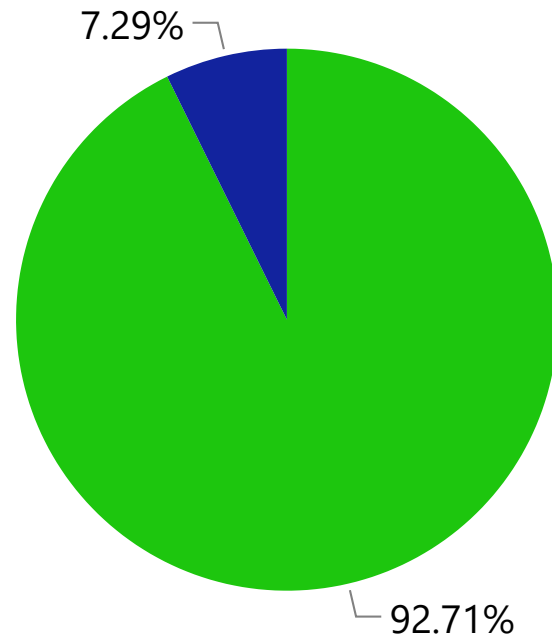

Cumulative Partial & Full Series Trend

● Cumulative Partial Series ● Cumulative Full Series

VACCINATION RESOURCES & TARGET METRICS

Resource Utilization & Availability Ratio

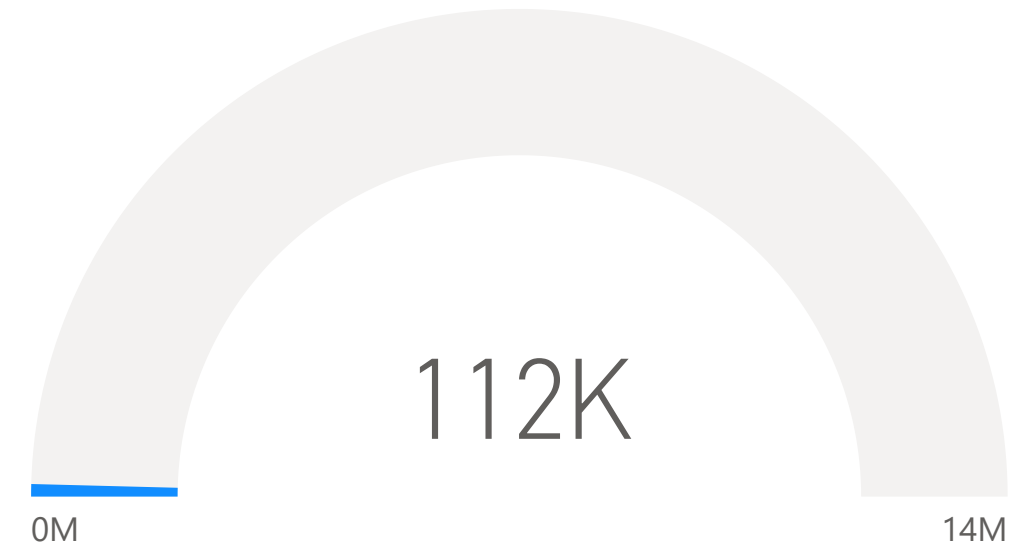

● Total Doses Available ● Total Doses Administered

More than 90% of the total COVID-19 vaccination program resources are currently availability due to the large procured doses that have since arrived in the last week.

The country however is still very far from reaching its target population for the vaccination program.

Partial Series Coverage & Population Target

Vaccination Program Information

Digital Resources Available

Here is a complete list of resources that have come up with during these times to help the public find and get access to COVID-19 vaccination program resources.

Find A Vaccines App - https://covid19.africansurveyors.net/vaccine_finder

- helps you to easily find and locate vaccination centers around you. With a minimum distance of 5km and maximum search of 50km radius from where you are. Find resources easily without wasting much time.

Vaccine Eligibility Check - <https://arcg.is/1HbqnW0>

- Check to see if you are eligible for the COVID-19 vaccination. Answer a basic few questions which will help you determine if you are eligible or not.

My Vaccine Experience - <https://arcg.is/00OmSS>

- Share your experience when you got vaccinated. Help share and spread the news about vaccination around the country and promote health care.

The COVID-19 Virus and Vaccines Hub - <https://covid19.africansurveyors.net/>

- for information about everything you need to know about the COVID-19 virus and the vaccines that are currently being offered in your community by Health care workers and centers around you. All the Frequently Asked Questions answered for you.

- Sharing of data sources and any other related information throughout this pandemic.
